

# Vistazo A La Ciencia

## (A Glance at the Science)

### ComSciCon Flagship 2021

Albersy Armina Rodríguez, MS

# A Glance at the Science from the View of the Audience

## Mission

We are a non-profit organization in which we are dedicated to dialogue and develop, from the perspectives and needs of society, science issues through

- 1) various production strategies,
- 2) interviews with experts,
- 3) collaborations with scientific organizations and
- 4) mentoring and promote leadership in minority groups.

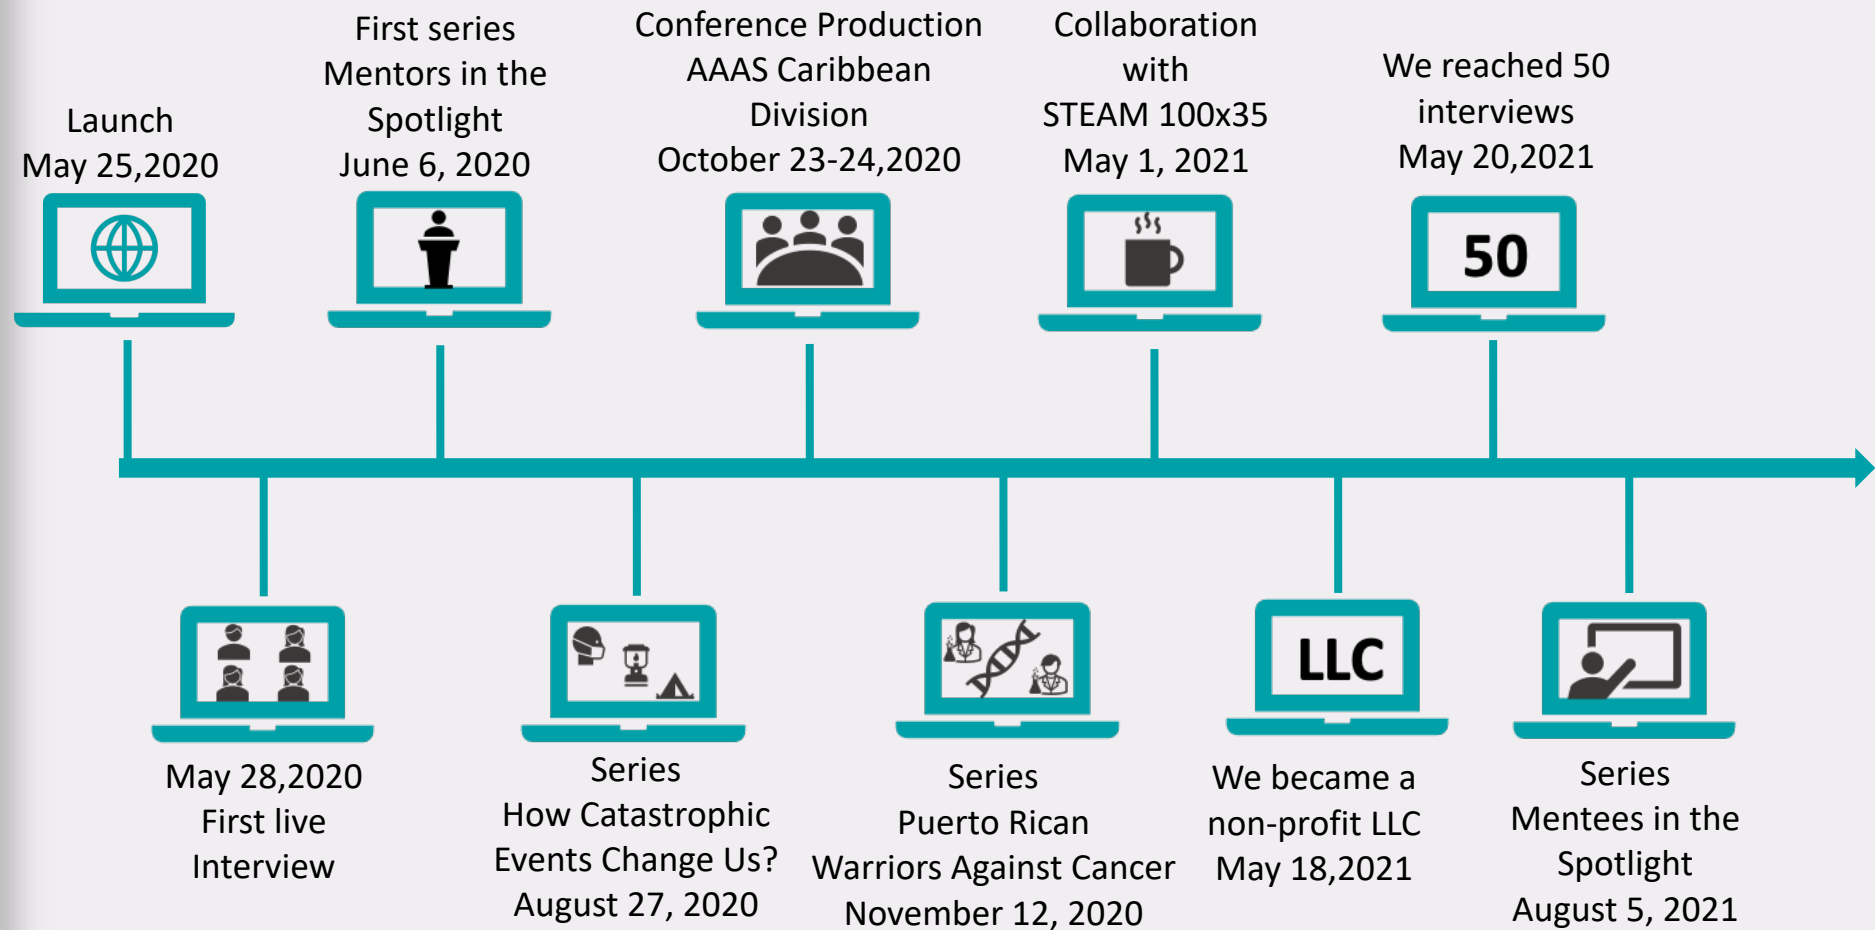

## Vision

Eliminate barriers between science and society so that citizens are self-sufficient in making decisions that contribute to their personal, intellectual and social well-being.

# Our History

We talk about science from the eyes of the audience

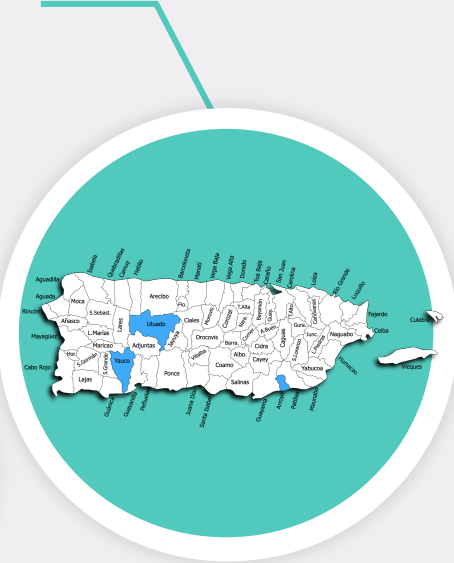

# Statistics

100%  
“Vistazo” team
